## Imani Radio reaches out to Muslims in Uganda

When God called us to do radio ministry in Uganda, it never occurred to us that we would be reaching a huge percentage of the Muslim community. Neither did we anticipate that they would be listening to the Christian programming. This is a testimony of a Muslim who is being blessed and encouraged by our Christian programs. Hakim from Ng'ang'ata in Uganda testified how his life had changed from listening to Imani Radio

*inspirational and life transforming”.*

*for this short period. It is an extension of the church that continues to feed us spiritually every day of the week. I feel empowered spiritually, God bless the management of Imani Radio and God bless Imani Radio”.*

Despite the difficult environment in which we are operating in Uganda, God has been faithful. I remember earlier on when we had just started to broadcast, we would go for three days without electricity and the cost of running a petrol generator is much higher than what it costs here in Kenya. With your prayers and that of many Saints all round the world that we contacted to intercede for us, God has answered those prayers and the power situation is now much better than the initial days. We also have installed a diesel generator, which is much lower in costs to maintain as diesel is cheaper than petrol.

The Christian community has welcomed Radio Imani in Uganda with a passion, they have testified how many times they had prayed for God to bring a Christian radio in their community, a prayer God answered early this year when we officially dedicated and opened Radio Imani in Eastern Uganda. The testimony of one, Joan captures the reception with which Imani Radio has been received in Uganda.

***“I am a Muslim, but I do listen to Imani Radio. The programs are encouraging, educative and very informative. The area that I come from is 95% Muslim but you'll find most of them listening to Imani radio. ***“I have prayed to God for seven years so that the North Eastern region in Uganda could get a Christian Radio station and God has answered my prayers by bringing Imani Radio. It's a blessing. It has changed lives of many***

It is our joy to note that despite all the things that the enemy has tried in slowing down God's work in Uganda, the Holy Spirit has continued to speak to the hearts and minds of people through the broadcasts we air everyday.

The testimonies that we have received encourage and strengthen us to continue pressing on as Paul aptly summed it up in **Philippians 3:12 – 14** *“Not as though I had already attained, either were already perfect: but I follow after, if that I may apprehend that for which also I am apprehended of Christ Jesus.*

*Brethren, I count not myself to have apprehended: but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus”.*

The political class too have noticed the change in their communities and appreciate and welcome Imani Radio as confessed in our live interview with Chekamondo Rukia Kulany, **Minister** of State for Finance, Planning and Economic Development in charge of privatization.

*“I want to thank the management of Imani radio for the station that has become a blessing to many. It is educative, informative and inspirational. It has brought a positive change in the society. Imani radio is what we’ve been longing for, in a long time. Thank you for those responsible for bringing Imani Radio”.*

We have compiled testimonies from a few of the

programs we broadcast here in Kenya and in Uganda. Also we have captured the testimonies of those who have made calls to our studios during prayer time to request for prayers. In these testimonies, it is a thanks giving to the Lord after answering their prayers. We give God the glory and honor in what He is doing in the lives of His people.

Actually, I really don't know what to say, I want to thank God for Imani Radio. It's a station that has brought change in my life. I'm always glued to Imani Radio. My testimony is that, my wife had abandoned the children and me and I did request for the pastor to pray for me. My prayer was answered and she came back home. Secondly my son was delivered from demonic attacks that had disturbed him for years and that's through prayers from Imani Radio. GOD BLESS IMANI RADIO.

You'll find me listening to Imani Radio 24/7. This is because Imani Radio is a blessing to my family and me. One day my two children

were sick and admitted at the district hospital. I was stressed & devastated and I tuned to Imani radio and I requested for a song which really touched me and encouraged me and my worries were over through listening to the inspirational songs and programs. I also believed and trusted for my children's healing. The Lord answered my prayers and the next day my children were discharged. By the way I listen to Imani Radio 24 hours. I thank God for Imani Radio. May it live long!

**Paul, Pallisa**

I love listening to Imani Radio because its programs are very inspiring. I can't afford missing to listen to Imani Radio. The presenters are lively in their presentation, which really encourages one to listen. Programs such as 'Love Worth Finding' and 'Heart to Heart' are very special to me and that's why I can't afford to miss listening to Imani Radio.

**Moses, Kumi**

I am a fanatic fan of Imani Radio. It is in my bonemarrow. Imani Radio has given me a meaning to live. It's a blessing to many. When am down, my only comforter is Imani Radio. Since it is the only pure Christian Radio station around here which does not mix its programming with anything secular.

**TESTIMONIES FROM  
IMANI RADIO, KENYA**

**+ 254 718 049 310 --- No

She was bed ridden from a disease that even doctors were unable to diagnose. She tried every means she could to regain her health but all was in vain. But one evening she was listening to the radio as the servants of God prayed for various needs. The person who was taking care of her sent a message asking for prayers and her case was presented before the Lord. That night she slept well and her recovery process begun. Now she is fully healed and we give God the glory.

**William, + 254 713 375 799**

His family was going through evil spirits attacks and there was no peace. Every time he was quarrelling with his wife and their marriage was greatly affected. But the worst happened when their kids begun having nightmares at night. The family was so troubled and this led William to seek divine intervention through prayers in our station. He called and he was prayed for. He testifies that since that time his family has gone through healing and they are now peaceful with the peace of Christ. Indeed He is the prince of peace.

**Jennifer, Likhuna Kitale.**

Jennifer is one happy mother after the Lord did a miracle for her two-year-old son Dedan. One Wednesday, Dedan was playing with

friends in their estate when they jokingly boarded a truck that was headed to Kitale town. Reaching there, the other kids knew their way back home but Dedan got lost in the streets and ended up in Kitale police station. The officers picked him up and took him to a children's home situated in Milimani estate. Meanwhile the mother was moving up and down trying to locate him. In the evening she called IMANI and she was prayed for. Amazingly on Sunday the children's home decided to fellowship with a church where Jennifer is a member! So when the children entered church, Jennifer was amazed to find her son among the children. Some might say this was a coincidence but with no doubt it is the doing of the Lord. Indeed He works in ways we cannot understand.

When I listen to Imani, I recall when it started in 2005. By then I was in class 8 preparing for my KCPE. I loved the presentation and especially the prayer program. I finished class 8 and was not sure of my progress due to financial constrains. However, I always sent my request to be prayed for and miraculously our God has provided for me and I have now finished my fourth form and am waiting for university entry because I passed my exams well. Imani Radio is a companion that I will never forget. God bless!
